**DECLARATION UNDER 37 C.F.R. § 1.132
OF DOMINIQUE FINK**

I, Dominique Fink, do hereby declare that:

1. I am a joint inventor of the subject matter claimed in the above-identified application, along with Elizabeth Cauchon, Brigitte Grouix, Ariane Hsia, Joseph Zimmermann, D. Clark Bennett, and Pamela Danagher.

2. I am informed and believe that U.S. Patent No. 5,997,863 ("the '863 patent"), a copy of which is attached as Exhibit A, has been cited against the claims of the above-identified application. In particular, I am informed and believe that Example 8 found at col. 17, line 63-col. 18, line 29 has been cited against the above-captioned application in a prior art rejection.

3. While I am a co-inventor of the above-captioned application, I did not make an inventive contribution to the subject matter recited in paragraph 2. In particular, I was not involved in the animal model work described in Example 8 involving the local administration of heparinase to enhance revascularization, described generally at col. 17, line 63-col. 18, line 29.

4. The undersigned declares further that all statements made herein of my own

knowledge are true and that all statements made on information and belief are believed to be true and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this application or any patent issuing therefrom.
